

Property Media Cost Comparison

1. Annual Property Volume

Content Type	Volume
Unpresented Video (UPTC)	70
Presented Video (PTC)	107
Unpresented Social Content	16
Presented Social Content	83
Informative Content	21
Total Properties	297

2. Current Cost Structure

Cost Category	Annual Cost
Videography (Total Employment Cost)	£49,000
Photography & Floorplans	£84,000
Total Current Cost	£133,000

3. Proposed Cost Structure

Content Type	Volume	Rate per Property	Total Cost
Unpresented Video	70	£200	£14,000
Presented Video	107	£275	£29,425
Unpresented Social Content	16	£200	£3,200
Presented Social Content	83	£225	£18,675
Informative Content	21	£125	£2,625
Total	297	-	£66,565

4. Cost Comparison Summary

	Current Model	Proposed Model
--	---------------	----------------

Total Annual Cost	£133,000	£66,565
Annual Cost Difference	-	£66,435 Saving
Number of Suppliers	Multiple	Single Provider
Booking & Scheduling	Fragmented	Centralised
Administrative Involvement	High	Reduced
Client Experience	Variable	Consistent

The proposed model consolidates photography, videography, and floorplans into a single, streamlined service. This approach reduces overall annual costs while simplifying scheduling, lowering administrative workload, and improving consistency across all property media.
